AI Automation Specialist with experience in building intelligent workflows, prompt design, and human-AI collaboration. Skilled in using n8n for no-code automation and in crafting robust prompt strategies using tools like ChatGPT, Claude, and Hugging Face. Successfully delivered global remote projects in AI moderation, classification, and support workflows for large-scale content platforms. Fluent in English with a proactive, feedback-driven approach.

Work Experience

AI Automation & Workflow Associate
Nodeflux | Hybrid (Indonesia)

Mar 2023 - Apr 2025

- Developed a GenAI-based content moderation pipeline used for large-scale text classification.
- Build prompt agents that can adapt to different types of use cases such as content filtering and verification.
- Create an automation flow with n8n to feed data to the labeling team and record AI performance evaluation results.
- Create an automated flow with n8n to feed data to the labeling team and record AI performance evaluation results.

AI Prompt Engineer
Ada Support | Remote (Canada)

Dec 2023 - Dec 2024

- Designed and developed a system prompt for an AI-based chatbot serving enterprise clients in the e-commerce and insurance sectors.
- Manage iterative experiments on prompt structure to improve response relevance and strengthen customer experience.
- Integrate AI chat assistant into client's customer support system and CMS, using no-code workflows like n8n.
- Work in global teams across time zones, managing documentation and communication in English in a professional manner.

Projects

ChatGPT-Based Content Moderator

Aug 2024 - Nov 2024

- Built prompt-based UGC moderation flow with fallback mechanisms using ChatGPT & n8n.

Learning App (Flutter, Dart)

May 2025 - Jul 2025

- Mobile learning app featuring AI tutoring responses and interactive modules.

"Belajarin Aja Yuk!" Website (HTML, CSS, JavaScript)

May 2025 - Jul 2025

- Build education website for mobile learning app

n8n Automation

Dec 2024 - Feb 2025

- Have created automation for business AI Agent Chat needs, Email automation that is inputted into Excel, and Telegram Chatbot

Core Skills

Annotation: Data Annotation, Data Labeling

Prompt Engineering: Generative AI, ChatGPT, Claude, Gemini, Iterative Prompt Refinement, Role-Based Prompting

Conversational AI Development: Artificial Intelligence (AI), Large Language Models (LLMs), Prompt Engineering

AI-Powered Content Moderation: Deep Learning, Natural Language Processing (NLP), Model Training & Evaluation, Harmful Content Identification, Quality Assurance (Content Moderation), Ethical AI (Content Moderation)

LLM Prompt Evaluation & Fine-tuning: Qualitative Evaluation, Contextual Prompting, Iterative Prompt

Automation Workflows using n8n (No-code): n8n Workflow Development, n8n Node Usage, Error Handling (n8n), Trigger Configuration (n8n), No-Code Automation, Workflow Automation, Process Automation

Education

MH. Thamrin University   Sep 2023 - Present

Bachelor Information Systems
GPA: 3.90

SMK Muhammadiyah 03   May 2020 - May 2023

High School Diploma Computer Network Engineering
GPA: 89

Languages

Indonesia *(Native)*, **English** *(Advanced (C1))*

Certificates

Node.js   Sep 2023
PT Bisa.ai

Web Developer (BNSP)   Oct 2023
KOMINFO

JavaScript (Intermediate)   May 2025
HackerRank

Front-End (React)   May 2025
HackerRank

Additional

- Comfortable working across different time zones and async environments
- Fully remote-ready with stable internet, laptop, and noise-canceling headset
- Strong interest in human-AI collaboration and continuous prompt refinement
- Enthusiastic about improving user experience through AI automation
- Highly responsive, feedback-oriented, and reliable in distributed teams
- Passionate about creating ethical, user-centered AI systems
